

2021, our year of Renewal, Achievement and Inspiration

Here at the Beau-Rivage Palace, as we mark our 160th anniversary, we have taken advantage of the “down-time” of 2020-21 to renew our spirit. Our Beau-Rivage wing is undergoing a glorious renovation, and we are seeking more and varied ways to host our guests with both elegance and responsibility.

We have confidence that the future is bright and the fears of Covid-19 will soon be history. So despite the temporary closure of our doors*, we are looking forward to welcoming our guests back to their home on Lake Geneva. Here at the Beau-Rivage Palace, one will discover a new era of beauty, excellence, caring, and a reborn experience of ultimate well-being.

We look forward to welcoming travelers from Switzerland and from all over the world back soon.

The Beau-Rivage Palace Team

**The hotel’s reopening date will be communicated at a later date.*
