RISE !

printemps - été 2025

Located facing the Alps in our idyllic setting on the shores of Lake Geneva, the Beau-Rivage Palace offers every guest a stay combining extreme luxury with extreme pampering.

We are a unique haven of tranquility and we invite you to recharge your batteries at our Guerlain Spa.

The Beau-Rivage Palace's 1,500 square-meter (16,000 square-foot) spa comprises one suite for two infused with pure elegance, 8 rituals and treatment rooms and changing areas with hammam, sauna, ice cellar and ice fountain.

CULTIVATING BEAUTY

A sanctuary of wellbeing, bathed in light and overlooking Lake Geneva, the Guerlain Spa is celebrating its first anniversary with new exclusive treatments:

BATH RITUAL

This Japan-inspired bathing experience enables guests to select their own preferred aromatic sensation from three options: Imperial Bath, Sparkling Yuzu, or La Vie en Rose.

This delightful soak can be meditative or augmented for even greater relaxation with an Abeille Royale brush scalp massage treatment.

Imperial Bath and La Vie en Rose treatments last 60 minutes
The Sparkling Yuzu treatment lasts 90 minutes.

HAMMAM RITUAL

For this Beau-Rivage Palace hammam ritual, Guerlain selected four aromatic worlds: Santal Royal, Cuir Intense, Rose Amira, Absolut Allegoria, or Shalimar.

Guerlain invites you to experience a multi-sensory escape, with each gesture revealing state-of-the-art expertise. Gentle and delicate exfoliating rice powder deeply purifies the skin as an enveloping warmth creates a sensation of utter calm.

60-minute treatment, 90-minute exfoliation, or 120-minute exfoliation and massage.

SIGNATURE TREATMENTS

The Spa also offers two exclusive rituals, inspired by the legendary grandeur of the Beau-Rivage Palace:

ECLAT RIVIERA

A facial treatment created in homage to the intense beauty of the Swiss Riviera. After a purifying microcrystal cleanse, the treatment combines the power of light therapy with ultra-draining facial techniques, dramatically enhancing the result.

Your face immediately radiates an extraordinary glow.

BALLET SUR LE LAC LEMAN

A totally sensual and artistic face and body treatment, inspired by the Béjart Ballet of Lausanne. Its technique magically blends precise and rhythmic movement.

A masterpiece of relaxation and enchantment..

GARDENS TO EXPERIENCE

On gentle slopes along Lake Geneva, our park is landscaped and designed as a series of living spaces: acres of gardens and trees with a golf driving range, tennis, paddle-ball, cycling, fitness center, swimming pools, and lakeside activities dedicated to relaxation and wellbeing.

Sports Coaching

Whether your goal is to stay in shape or improve your athletic performance, the Beau-Rivage Palace fitness center is based on an exclusive collaboration with J  r  my Peltier. Working out while stand-up paddleboarding on the lake...or in the gym or in the park...or creating a personalized training and nutrition program, it's all possible at the Beau-Rivage Palace.

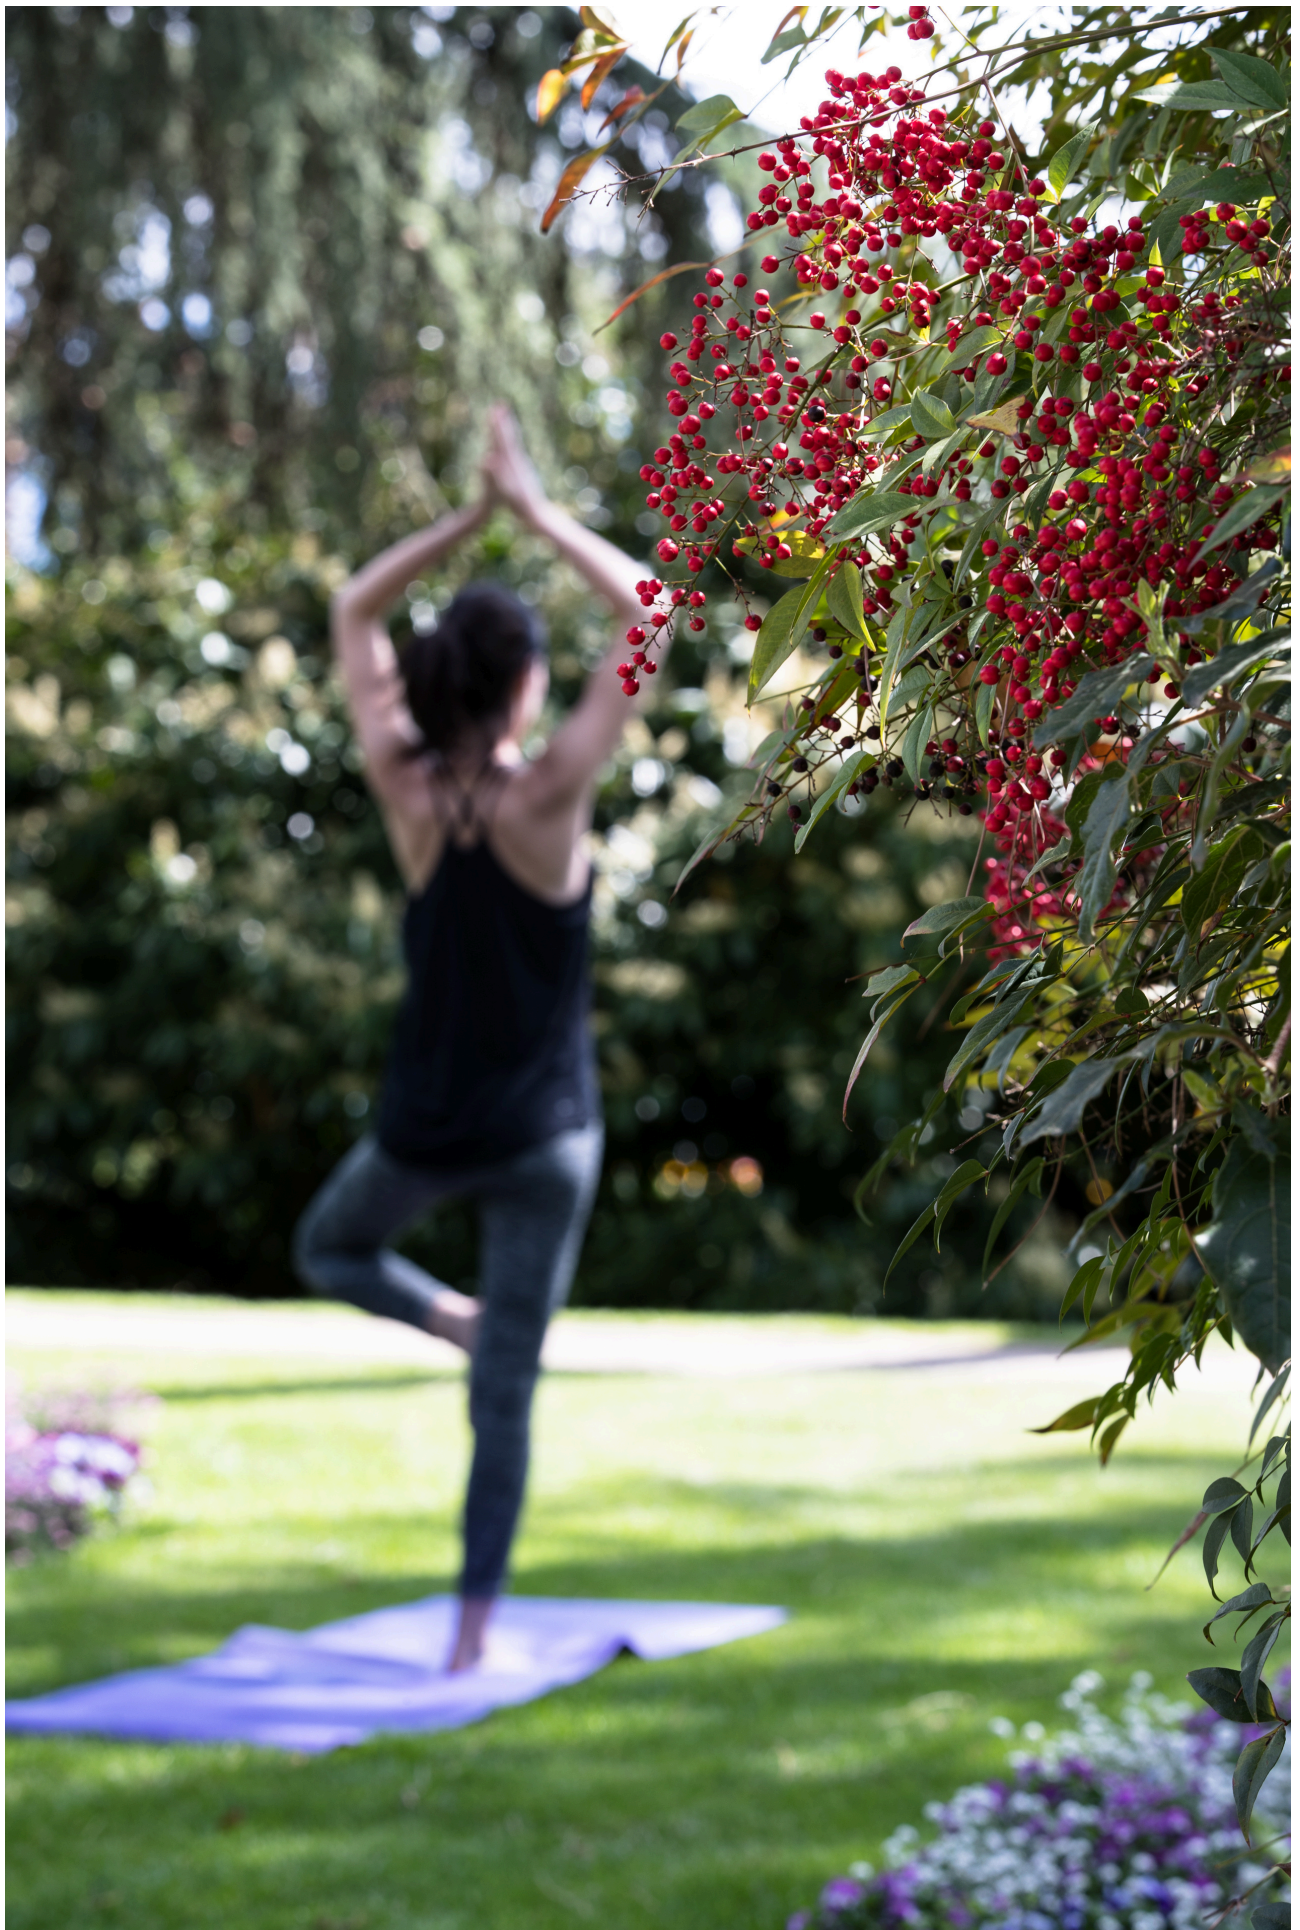

Yoga and more

A variety of sports classes is offered in an intimate area of the spa or beneath our centuries-old pine trees. This is a treasured opportunity to encounter a variety of types of yoga - from dynamic morning vinyasa, to relaxing evening yin, including hatha and ashtanga.

A multitude of outdoor activities

In our greener than green private park, discover a newly renovated tennis court, a golf driving range and putting green, and a paddle-ball court – all with magnificent views of Lake Geneva. More comfortable on the water? Stand-up paddleboarding and water sports on the lake are perfect for rejuvenating moments. A full range of equipment is available. Private lessons upon request..
